Purpose:
The purpose of this job aid is to provide you with the steps to access review and take action on Salary Distribution transactions on the Mass Review Salary Distribution page in the PAC system.

The Mass Review page allows you to review multiple salary distribution transactions, select an action for those transactions, and submit the transactions, all on one page.

The Manager Self Service or Accounting Approver role is required to be able to access the Mass Review Salary Distribution page.

| Mass Review Page – Approver Steps | On the top section of the page is a Filter where you can search for a specific transaction. This search is optional and allows you to find one transaction or a group of transactions that you may be specifically looking for.  

**Note:** If your list contains more than 300 transactions for your review, you will be asked to filter your items before the full page is displayed. The filtered items will appear far more quickly than having the entire page of items load first.  

1. Click on the magnifying glass next to any field and a results list displays transactions with that information. For example:
   - Click on the magnifying glass next to “Name” and the results list displays employees who have pending salary distribution transactions ready for review. Or
   - Click on the magnifying glass next to “Department” and the results list displays transactions for that department.

**Note:** For the Profile “Start Date” search, enter or select a date from the calendar icon. This is the “Profile Effective Date” that was entered when the transaction was initiated. If no transactions appear, there are no pending transactions with that Profile Effective Date.  

2. From the Search Results list, select from the items that appear to display those transactions.  

**Notes:** Your selection choices and thus next views are dependent upon the type of search you selected.
   - For example, if you searched by “Name” and then selected the employee name from the results list, only transactions for that employee appear.
   - If you searched by “Department” and then selected one of the departments that you can access (your home department(s)), all transactions for that department will appear.
