Shouldn’t your plan give YOU the advantage?

Your health is important. We know there are few things more crucial than making the best choice for your Medicare coverage.

We want you to have a positive health care experience. So let’s get started with what matters most.

Your confidence
We’ve been in business for more than 150 years. We’ve served Medicare-eligible individuals for more than 40 years.

Your doctors
Is your doctor covered? We have a large, nationwide network of doctors and hospitals. And finding your doctor (or a new doctor in your area) is easy. Just go to http://www.aetnamedicare.com. If you don’t see your doctor listed, call 1-800-307-4830 (TTY: 711) 8 a.m. – 6 p.m. local time, Monday through Friday.

Your prescriptions
Are your drugs covered? We offer an all-in-one plan that combines prescription drug coverage and medical benefits. This plan may actually lower what you pay each month. To view a list of drugs (also called a formulary), jot down the name of the formulary included with this plan. You’ll find that in the Plan design and benefits section of this booklet. Next, go to http://www.aetnaretireeplans.com, click “Manage your prescription drugs” then “Select your formulary.” If you don’t see your drugs on the list, call us at 1-800-307-4830 (TTY: 711) 8 a.m. – 6 p.m. local time, Monday through Friday.

Your savings
How much will you have to pay for services? The government helps us pay for medical services for our Medicare Advantage members. This help lets us offer you greater benefits at less cost. Check out your plan design and benefits in this packet.

Your way
Good news — your way begins with choice. Our plans offer you control over how you manage your health — whether by phone, online, in print or in person.

First things first. Is your doctor covered?

We believe a healthier experience begins with what matters most to you. And we have helpful tools, like our online provider directory, to help you find your doctor or hospital.

Visit http://www.aetnamedicare.com to find the doctors and hospitals you trust most.
Why Aetna Medicare Advantage?

What's special?

We offer disease management programs. They help you manage health conditions such as hypertension (high blood pressure) and diabetes.

The plan also offers:

• Access to the National Medical Excellence Program®, a select network of respected doctors and facilities to help those with a complex illness or injury get the appropriate care

• Preventive benefits not covered under Medicare

• Annual preventive care reminders to get flu shots, important vaccinations and cancer screenings

• Caring support from our nurse case managers for those with chronic or serious health conditions

• Round-the-clock access to registered nurses through our toll-free Informed Health® Line®

What you should know

You must be entitled to Medicare Part A, enrolled in Medicare Part B and continue to pay your Part A and Part B premiums, if applicable. You must also live in the plan’s service area. If you don’t have Medicare Part A, you should contact your employer/union/trust and ask about our Medicare PPO plan Part B only.

You’ll also be glad to know:

• Your acceptance is guaranteed as long as you meet eligibility requirements.

• You’ll have limits to your out-of-pocket plan costs.

*Providers must agree to accept our reimbursement rates when they join our network. You’ll pay a lower cost share when you use an in-network provider. If you see an out-of-network provider, you may pay a higher share of the cost for their services. Before you go to an out-of-network provider, make sure they’re eligible to receive Medicare payments and are willing to accept your plan. Out-of-network/ non-contracted providers are under no obligation to treat Aetna members, except in emergency situations. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our customer service number or see your Evidence of Coverage for more information, including the cost sharing that applies to out-of-network services.

About your plan

Your Aetna Medicare preferred provider organization (PPO) plan:

- Generally gives you lower out-of-pocket costs for using network doctors
- Gives you more choices when choosing a doctor

A PPO plan is a preferred provider organization. You generally pay a lower out-of-pocket cost when you use network providers. You can also use out-of-network providers, but you’ll pay more. You can see any provider eligible for Medicare payment and willing to accept your plan.

You don’t have to choose a primary care physician (PCP). However, we recommend that you do. Your PCP can help coordinate your health care.

When to consider an Aetna Medicare Advantage plan plus prescription drug coverage

- You want coverage for prescription drugs and medical care. You may pay a lower total premium for this type of all-in-one plan.
- You want a plan with access to:
  - A network of pharmacies that includes national chains
  - A prescription drug formulary that covers many or all Part D drugs, depending upon the formulary your plan selects
  - A mail-order prescription drug program for maintenance drugs, with prescriptions conveniently delivered to your home, doctor’s office or anywhere you prefer
  - A specialty pharmacy for medications to treat complex conditions and to handle drugs that need special care, such as refrigeration
  - Medication that’s securely packed, mailed quickly and safely, and checked for accuracy
  - Pharmacy help over the phone
  - Member education and support

### Coverage Gap†

Once covered Medicare Prescription Drug expenses have reached the Initial Coverage Limit, the Coverage Gap begins. Member cost sharing between the Initial Coverage Limit and until $4,950 in true out-of-pocket costs for Covered Part D drugs are incurred is as follows:

Your plan sponsor/former employer provides additional coverage during the Coverage Gap stage. This means that you will generally continue to pay the same amount for covered drugs throughout the Coverage Gap stage of the plan as you paid in the Initial Coverage stage. Once you reach $4,950 in out of pocket drug expenses, you qualify for the Catastrophic Coverage phase.

### Catastrophic Coverage

Greater of $3.30 or 5% for covered generic (including brand drugs treated as generic) drugs. Greater of $8.25 or 5% for all other covered drugs.

Catastrophic Coverage benefits start once $4,950 in true out-of-pocket costs is incurred.

### Requirements:

- **Precertification**: Applies
- **Step-Therapy**: Applies

- **Non-Part D Drug Rider**: Not Covered

Not all PPO Plans are available in all areas

Aetna Medicare is a PDP, HMO, PPO plan with a Medicare contract. Our SNPs also have contracts with State Medicaid programs. Enrollment in our plans depends on contract renewal.

This information is not a complete description of benefits. Contact the plan for more information. Limitations, copayments, and restrictions may apply. Benefits, formulary, pharmacy network, premium and/or co-payments/co-insurance may change on January 1 of each year.

Plans are offered by Aetna Health Inc., Aetna Health of California Inc., and/or Aetna Life Insurance Company (Aetna). Not all health services are covered. See Evidence of Coverage for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location.
The formulary and pharmacy network may change at any time. You will receive notice when necessary.

Members who get “extra help” are not required to fill prescriptions at preferred network pharmacies in order to get Low Income Subsidy (LIS) copays.

You must be entitled to Medicare Part A and continue to pay your Part B premium and Part A, if applicable.

See Evidence of Coverage for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna’s preferred drug list. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Pharmacy participation is subject to change.

Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.

In case of emergency, you should call 911 or the local emergency hotline. Or you should go directly to an emergency care facility.

The following is a partial list of what isn’t covered or limits to coverage under this plan:

- Services that are not medically necessary unless the service is covered by Original Medicare or otherwise noted in your Evidence of Coverage
- Plastic or cosmetic surgery unless it is covered by Original Medicare
- Custodial care
- Experimental procedures or treatments that Original Medicare doesn’t cover
- Outpatient prescription drugs unless covered under Original Medicare Part B

You may pay more for out-of-network services. Prior approval from Aetna is required for some in-network services. For services from a non-network provider, prior approval from Aetna is recommended. Providers must be licensed and eligible to receive payment under the federal Medicare program and willing to accept the plan.
†Your plan sponsor or former employer provides additional coverage during the coverage gap phase for covered brand name drugs. This means that you will generally continue to pay the same amount for covered brand name drugs throughout the coverage gap phase of the plan as you paid in the initial coverage phase.

Coinsurance is applied against the overall cost of the drug, before any discounts or benefits are applied.

Aetna’s retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offered as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:

• Cover a drug that would be covered under Medicare Part A or Part B.
• Cover a drug purchased outside the United States and its territories.
• Generally cover drugs prescribed for “off label” use, (any use of the drug other than indicated on a drug’s label as approved by the Food and Drug Administration) unless supported by criteria included in certain reference books like the American Hospital Formulary Service Drug Information, the DRUGDEX Information System and the USPDI or its successor.
Additionally, by law, the following categories of drugs are not normally covered by a Medicare prescription drug plan unless we offer enhanced drug coverage for which additional premium may be charged. These drugs are not considered Part D drugs and may be referred to as “exclusions” or “non-Part D drugs”. These drugs include:

- Drugs used for the treatment of weight loss, weight gain or anorexia
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
- Drugs used to promote fertility
- Drugs used to relieve the symptoms of cough and colds
- Non-prescription drugs, also called over-the-counter (OTC) drugs
- Drugs when used for the treatment of sexual or erectile dysfunction

Aetna receives rebates from drug manufacturers that may be considered when determining our preferred drug list. Rebates do not reduce the amount you pay the pharmacy for covered prescriptions. Pharmacy participation is subject to change.

You must use network pharmacies to receive plan benefits except in limited, non-routine circumstances when a network pharmacy is not available. If you become ill while traveling in the United States, but are outside of your plan’s service area, you may need to use an out-of-network pharmacy. An additional cost may be charged for drugs received at an out-of-network pharmacy. Quantity limits and restrictions may apply.

If you reside in a long-term care facility, your cost share is the same as at a retail pharmacy and you may receive up to a 31-day supply.

You may get drugs from an out-of-network pharmacy in certain situations, but are limited to a 30-day supply.
You may be able to get Extra Help to pay for your prescription drug premiums and costs. To see if you qualify for Extra Help, call:

- **1-800-MEDICARE (1-800-633-4227)**. TTY users should call **1-877-486-2048**, 24/7
- The Social Security Office at **1-800-772-1213** between 7 a.m. and 7 p.m., Monday through Friday. TTY users should call **1-800-325-0778**
- Your state Medicaid office

If you qualify, Medicare could pay for up to 75 percent or more of your drug costs including monthly prescription drug premiums, annual deductibles and coinsurance. Additionally, those who qualify will not be subject to the coverage gap or a late enrollment penalty. Many people are eligible for these savings and don’t even know it.

If there is a difference between this document and the Evidence of Coverage (EOC), the EOC is considered correct.

Why Aetna Medicare with prescription drug coverage?

The Aetna Medicare with Prescription Drug Plan (PDP) combines a Medicare Advantage medical plan with prescription drug coverage. So you need only one plan and one ID card for all your medical and prescription drug needs.

The plan covers a wide range of top generic and brand-name Part D medications. It also covers many hard-to-find medications such as self-injectables.

And it can help you cover the cost of Part D prescription drugs, which can be a large expense.

Save money on drug costs

The Medicare Coverage Gap Discount Program gives manufacturer discounts on brand-name drugs to Part D enrollees who:

- Reached the coverage gap
- Don’t get Extra Help

If your plan doesn’t include added coverage during the coverage gap phase, for covered brand-name drugs, a discount will be applied when the pharmacy bills you.

Medicare star ratings
2016 Medicare Plan Ratings

The Medicare Program rates all health and prescription drug plans each year based on a plan’s quality and performance. Medicare Star Ratings help you know how good a job our plan is doing. You can use this plan rating to compare our plan’s performance to other plans. Examples of the areas covered by this rating include:

• How our members rate our plan’s services and care
• How well our doctors detect illnesses and keep members healthy
• How well our plan helps our members use recommended and safe prescription medications

How to find the Medicare Star Rating for your plan

You can find the rating that applies to your plan by using the chart below. Each plan has a contract number that identifies the plan with the Centers for Medicare & Medicaid Services (CMS).

1. Find the state you live in below. The contract number assigned to your state will be the number you look for when searching the Star Ratings included in this packet. It will be in the upper left corner of the page.

2. Then go to the following pages and search for that contract number.

3. Look for the rating for medical, drug and an overall rating listed for each plan.

4. If you only have a Medicare Advantage (MA) plan, please ignore the drug rating. Refer to the health plan rating only.

We’re here to help

If you have any questions, call the number shown in this packet for dedicated service specific to your plan.

You can also call the number on the Star Rating page for general member services. They can help, but for quicker and easier service, use the number in this booklet.

Medicare evaluates plans based on a 5-Star rating system. Star Ratings are calculated each year and may change from one year to the next. For mail-order, you can get prescription drugs shipped to your home through the network mail-order delivery program. Typically, mail-order drugs arrive within 7-10 days. You can call 1-888-792-3862 (TTY: 711), 24 hours a day, 7 days a week, if you do not receive your mail-order drugs within this time frame. Members may have the option to sign up for automated mail-order delivery. Members who get “Extra Help” are not required to fill prescriptions at preferred network pharmacies in order to get Low Income Subsidy (LIS) copays. The formulary, pharmacy network, and provider network may change at any time. You will receive notice when necessary. Aetna Medicare’s pharmacy network offers limited access to pharmacies with preferred cost sharing in: Suburban NY; and Rural ME, NY, UT and WY. The lower costs advertised in our plan materials for these pharmacies may not be available at the pharmacy you use. For up-to-date information about our network pharmacies, including pharmacies with preferred cost sharing, members please call the number on your ID card, non-members please call 1-855-338-7027 (TTY: 711) or consult the online pharmacy directory at http://www.aetnamedicare.com/pharmacyhelp. Out-of-network/non-contracted providers are under no obligation to treat Aetna members, except in emergency situations. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our customer service number or see your Evidence of Coverage for more information, including the cost sharing that applies to out-of-network services. Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employee of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.

The following is a partial list of what isn’t covered or limits to coverage under this plan:
• Services that are not medically necessary unless the service is covered by Original Medicare or otherwise noted in your Evidence of Coverage
• Plastic or cosmetic surgery unless it is covered by Original Medicare
• Custodial care
• Experimental procedures or treatments that Original Medicare doesn’t cover
• Outpatient prescription drugs unless covered under Original Medicare Part B

Aetna's retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offered as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:
• Cover a drug that would be covered under Medicare Part A or Part B

Important information about your enrollment in a Medicare Advantage plan:

As an Aetna Medicare member, you agree to the following:

Aetna Medicare is a PDP, HMO, PPO plan with a Medicare contract. Our SNPs also have contracts with State Medicaid programs. Enrollment in our plans depends on contract renewal.

I will need to keep my Medicare Parts A and B, and continue to pay my Part B premium. I can only be in one Medicare Advantage plan at a time and I understand that my enrollment in this plan will automatically end my enrollment in another Medicare health plan. It is my responsibility to inform Aetna of any prescription drug coverage that I have or may get in the future.

I understand that if I don’t have Medicare prescription drug coverage or creditable prescription drug coverage (as good as Medicare’s), I may have to pay a late enrollment penalty if I enroll in Medicare prescription drug coverage in the future.

Enrollment in this plan is generally for the calendar year. Once I enroll, I may leave this plan or make changes only at certain times of the year when an enrollment period is available (Example: Annual Enrollment Period October 15 – December 7 of every year), or under certain special circumstances.

Aetna Medicare Advantage plan serves a specific service area. If I move out of the area that the Aetna Medicare Advantage plan serves, I need to notify the plan and my former employer/union/trust so I can disenroll and find a new plan in my new area. Once I am a member of the Aetna Medicare Advantage plan, I have the right to appeal plan decisions about payment or services if I disagree. I will read the Evidence of Coverage document from the Aetna Medicare Advantage plan when I get it to know which rules I must follow to get coverage with this Medicare Advantage plan. I understand that people with Medicare aren’t usually covered under Medicare while out of the country except for limited coverage near the U.S. border. I may also be disenrolled if I do not pay any applicable plan premiums within the grace period. The effective date of disenrollment is in accordance with federal requirements.

I understand that beginning on the date the Aetna Medicare Advantage plan coverage begins, using services in-network can cost less than using services out-of-network, except for emergency or urgently needed services or out-of-area dialysis services. If medically necessary, the Aetna Medicare Advantage plan provides refunds for all covered benefits, even if I get services out of network.

Services authorized by the Aetna Medicare Advantage plan and other services contained in my Evidence of Coverage document (also known as a member contract or subscriber agreement) will be covered. Without authorization, **NEITHER MEDICARE NOR THE AETNA MEDICARE ADVANTAGE PLAN WILL PAY FOR THE SERVICES.**

I understand that if I am getting assistance from a sales agent, broker, or other individual employed by or contracted with the Aetna Medicare Advantage plan, he/she may be paid based on my enrollment in the Aetna Medicare Advantage plan.

Release of information:

By joining this Medicare health plan, I acknowledge that the Aetna Medicare Advantage plan will release my information to Medicare and other plans as is necessary for treatment, payment and health care operations. I also acknowledge that the Aetna Medicare Advantage plan will release my information, to Medicare, who may release it for research and other purposes which follow all applicable Federal statutes and regulations. The information on this enrollment form is correct to the best of my knowledge. I understand that if I intentionally provide false information, I will be disenrolled from the plan.

Important information about your Prescription Drug Coverage

As an Aetna Medicare member, you agree to the following:

Aetna Medicare is a PDP, HMO, PPO plan with a Medicare contract. Our SNPs also have contracts with State Medicaid programs. Enrollment in our plans depends on contract renewal. I understand that this prescription drug coverage is in addition to my coverage under Medicare; therefore, I need to keep my Medicare Part A and/or Part B coverage. It is my responsibility to inform Aetna of any prescription drug coverage that I have or may get in the future. I can only be in one Medicare prescription drug plan at a time — if I am currently in a Medicare Prescription Drug Plan, my enrollment in the Aetna Medicare Rx plan will end that enrollment. Enrollment in this plan is generally for the calendar year. Once I enroll, I may
leave this plan or make changes if an enrollment period is available, generally during the Annual
Enrollment Period (October 15 – December 7), unless I qualify for certain special circumstances.
The Aetna Medicare Rx plan serves a specific service area. If I move out of the area this plan serves, I need
to notify the plan and my former employer/union/trust because I may have to disenroll and find a new
plan in my new area. I understand that I must use network pharmacies except in an emergency when I
cannot reasonably use those pharmacies. Once I am a member of the Aetna Medicare Rx plan, I have the
right to appeal plan decisions about payment of benefits or coverage of services if I disagree. I will read the
Evidence of Coverage document from the Aetna Medicare Rx plan when I get it to know which rules I must
follow to get coverage with this Medicare drug plan.
I understand that if I leave this plan and don’t have or get other Medicare prescription drug coverage or
creditable prescription drug coverage (as good as Medicare’s), I may have to pay a late enrollment penalty
in addition to my premium for Medicare prescription drug coverage in the future.
I understand that if I am getting assistance from a sales agent, broker, or other individual employed by or
contracted with the Aetna Medicare Rx® (PDP) plan, he/she may be paid based on my enrollment in the
Aetna Medicare Rx plan.
Counseling services may be available in my state to provide advice concerning Medicare supplement
insurance or other Medicare Advantage or Prescription Drug Plan options, medical assistance through the
state Medicaid program, and the Medicare Savings Program.

Release of information:
By joining this Medicare prescription drug plan, I acknowledge that the Aetna Medicare Rx plan will release
my information to Medicare and other plans as is necessary for treatment, payment and health care
operations. I also acknowledge that Aetna Medicare Rx plan will release my information, including my
prescription drug event data, to Medicare, who may release it for research and other purposes which
